Continuation of 2. NOTE: The new limitation (from cancelled claim 9) and the deleting of the logic term "and/or" change the scope of claim 8. Since the scope of claim 8 is change, the scope of claims 14-15, 17-18 will be changed because they directly depend on claim 8.

Continuation of 5. does NOT place the application in condition for allowance because: The applicants argue that amended 25 would be allowable because this claim has been rewritten in independent. The examiner recognizes that applicants rewrite this claim into independent form. However, the applicants fail to include all the limitation in the base claim (i.e. wherein the component is a component other than a chamber liner).
